Best Places to Live

Moving to the coast is pretty much living the dream. These 20 truly remarkable small towns, big cities, colorful islands, cozy communities, and exotic international destinations make it the dream of a lifetime

BEST RESORT VIBE

Kukui'ula, Kauai, HI

One word: Hawaii. One more word: golf. This stunning community on Kauai's South Shore overlooks the Pacific Ocean and embraces a Tom Weiskopf–designed course considered one of the best in the state. Which means the challenge here is to keep your eye on the ball while spinner dolphins and humpbacks play offshore. The architecturally diverse homes make aesthetic peace with the hillsides, creating a sense of space and privacy, and a gorgeous farm on the property is a center for both community gardening and farm dinners under the trees. Finally, a world-class spa and a high-end shopping and restaurant village layer in the requisite—and exquisite—indulgences.

MORNING COFFEE Drip brews and an espresso bar get the day off on the right foot at Lappert's Hawaii in The Shops at Kukui'ula. And the handmade ice cream will definitely be calling you back by the afternoon.

BEST BEACH The sand-bottom, saltwater pools at Kukui'ula are a sweet escape; for a glorious beach excursion, take a 10-minute drive to the beautiful shorelines of Poipu Beach.

LOCAL HANGOUT Every Wednesday in The Shops at Kukui'ula, the Kauai Culinary Market pops up, a charming farmers' market with live music, chef demos, and local products for sale.
