

It's one thing to spend an idyllic few days at [Montage Healdsburg](#) enjoying the two swimming pools, the spa, and the wine country cuisine at Hazel Hill restaurant. It's another thing entirely to live this lifestyle daily, enjoying the spoils of the luxury resort and its sublime surroundings 24/7, and that's exactly what the purchase of a [Montage Residences Healdsburg](#) home affords.

Montage Residences is the esteemed collection of residential communities within Montage Hotels & Resorts (Laguna Beach, CA, Deer Valley, UT, Kapalua Bay, HI, Palmetto Bluff, SC, Los Cabos, MX, Big Sky, MT, and Healdsburg, CA.) Designed to serve affluent and discerning homeowners, Montage Residences offer a distinctive lifestyle embodying the authenticity of each destination, paired with sophisticated touches tailored to each resident's personal desires and individual tastes. Living spaces reflect their stunning locations and exude a genuine sense of place, while signature services and amenities are seamlessly delivered to provide the most carefree lifestyle. In Healdsburg, that 'sense of place' features the authentic charm and scenic beauty of Sonoma wine country.

“Montage Residences Healdsburg offers owners the best of both worlds,” said Neil Johnson, managing director of development at Ohana Real Estate Investors. “These private homes are perfectly placed amongst century-old oak groves on over 250 acres of rolling hillsides and vineyards, while also providing direct access to the amenities and services of Montage Healdsburg, as well as their own private Residential Club.”

Set within a verdant landscape, Montage Healdsburg has the qualities of a remote sanctuary. Seemingly a world away from the wine country activity just outside its perimeter, the resort offers solitude and retreat, yet it is at the epicenter of Sonoma County’s wine, cuisine, and recreation bounty. Just as the resort’s buildings and treehouse bungalows are designed to blend naturally into the surroundings, the Montage Residences are distinctly designed to complement the natural landscape and to create a unique wine country experience, with optimum privacy and access to the vineyards, the amenities, and the services of the resort.

And what would a wine country residence be without wine? Montage Healdsburg, rooted at the heart of the Russian River Valley, Dry Creek Valley and Alexander Valley, takes its winery connections to a different level, partnering with renowned winemaker Jesse Katz of nearby [Aperture Cellars](#) to offer elevated tour and tasting experiences and special access to rare releases and private label bottles. Katz's vinous artistry is ever present within Montage Healdsburg where he oversees the resort's 15.5 acres of Bordeaux varietal vines. Founding residents can even have a row christened in their name.
